PREMIER 3000

Tranmembrane potential booster model: 150 kV; 12" x 16" x 23"; 60 lbs.; 12 gas tubes; 1 toroid; visible full spectrum spark gap light emitter; three switchable levels – low, medium and high; resistive Touch-Pad; Nobel gas tubes and Wand; Mirrored stainless steel reflects all discrete light and EMF energy to user, thus doubling effective reception, compared to other similar products on the market.

Bi o e l e c t r i c Energy

PREMIER 2500 being used below by a professional model is the same but without a pulsing toroid. Both have 1 year warranty.

A multiple combination experimental electromedicine machine. Developed by biophysicist Thomas Valone, Ph. D., P. E., author of *Bioelectromagnetic Healing*. Based on the Azure patent #6,217,604 "Method for treating diseased states, in particular AIDS, using an electromagnetic generator." It energizes the body in a very short exposure. Non-contacting position or take advantage of the Touch-Pad™ and Wand to receive electrons which studies show directly neutralize free radicals. Invigorating and disinfecting, many people use it everyday to increase their ATP production, TMP and resistance to disease.

- Electronic Antioxidant producer
- Restores Transmembrane Potential
- ATP Boost for Body Energizer
- Optical Frequencies help eyesight
- Pulsing Toroid Vector Potentials
- Contacting Kirlian HV TouchPad™
- Target areas with Noble Gas Tubes Wand
- Immune Boost with Ozonator & Ionizer
- Built-in wheels and handle

None of these statements have been evaluated by the FDA. Product is not intended to treat, cure or prevent disease.
